WORK

Automate Me - CTO Jan. 2019 - Apr. 2025

CTO @ Automate Me, a no-code consultancy helping fast-growing businesses in multiple industries through tailored integrations. Led technical discovery, solution architecture, project scoping and client success.

Peter - Founder Nov. 2016 - Dec. 2018

My first startup founded with 2 friends. Peter was a Messenger chatbot sending homework answers to K-12 students. Led product ownership, growth & students care (both technical & social).

Accelerated by The Family in 2016, seed round lead by Kima Ventures in 2017.

Yooz - Chef de projet Marketing Feb. 2016 - Dec. 2016

Lead generation & LinkedIn scraping with tools such as Rapportive & Hunter.

Piscine Privée - Resp. Sales & Marketing Intl Sept. 2012 - June 2015

Led the international sales teams (Spain, Italy and Germany) and their Adwords marketing strategies.

EDUCATION

Zapier Expert Certified since Mar. 2022

Harvard X - CS50 Graduated on Jan. 2016
Introduction to Computer Science; GPA: 1.0

Université Montpellier III - Master 2 NPI English/German Graduated on June 2012

PROJECTS & CERTIFICATES

Automate Me - CTO Jan. 2019 - Apr. 2025

Certified Expert by Zapier since 2022
Over 1000 Python/JS scripts & automations created on Zapier, Make and Parabola.
Over 100 databases created on Airtable & Firebase.

Peter - Founder Nov. 2016 - Dec. 2018

Over 1K teachers books scrapped on the servers of the major publishers.
Over 400K students acquired through one growth hack done in less than 15 days.
Care of over 1500 students on ZenDesk
Snapchat — [Read “How to hack people...”](#)

Investors included Antoine Martin & Alexis Bonillo (Zenly) - [Read article \(in French\)](#)

Yooz - Chef de projet Marketing Feb 2016 - Dec. 2016

I have no idea how many emails I've scrapped but [I wrote an essay called “How to scrap...”](#) about one of my method.

Harvard X CS50 : Introduction to Computer Science June 2015 - Dec. 2015

Passed in 5 months, CS50 is the first semester of Computer Science taught by David J. Milan at Harvard University.
