HELLO!

I'm a full-stack developer interested in automations, data science and design-engineering collaborations.

WORK

Automate Me - CTO Jan. 2019 - Mar. 2025

CTO @ Automate Me, an agency designing tailor-made automated workflows and low / no-code applications for businesses.

Peter - Founder Nov. 2016 - Dec. 2018

My first startup founded with 2 friends. Peter started as a Messenger chatbot sending homework answers to K-12 students. Led the scraping of teachers manuals and students care (tech support & social).

Accelerated by The Family in 2016, seed round lead by Kima Ventures in 2017.

Yooz - Chef de projet Marketing Feb. 2016 - Dec. 2016

Lead generation & LinkedIn scraping with tools such as Rapportive & Hunter.

Piscine Privée - Resp. Sales & Marketing Intl Sept. 2012 - June 2015

In charge of the international sales teams (Spain, Italy and Germany) and their Adwords marketing strategies.

EDUCATION

Harvard X - CS50 Graduated on Jan. 2016

Introduction to Computer Science

Université Montpellier III - Master 2 NPI English/German Graduated on June 2012

PROJECTS & CERTIFICATIONS

Automate Me - CTO Jan. 2019 - Mar. 2025

Certified Expert by Zapier since 2022
Over 1000 automations created on Zapier, Make and Parabola.
Over 100 event-driven Airtable databases.

Peter - Founder Nov. 2016 - Dec. 2018

Over 1K teachers books scrapped from publishers' private repositories. Over 400K student signups with one growth hack done in less than 2 weeks. Care of 1500+ students on Zendesk Snapchat — [Read the story](#)

Investors included Antoine Martin & Alexis Bonillo (CEO & CTO of Zenly - Acquired by Snapchat in 2017) - [Read the article](#)

Yooz - Chef de projet Marketing Febv 2016 - Dec. 2016

I have no idea how many emails I've scrapped but [I wrote an essay about one of my method.](#)
